

### Dual Screen Channel Sub-Woofer Loudspeaker For mid to large Size Cinema Hall

The CCS-218A is one of the premium cinema Subwoofer speakers for small mid to large size cinema requirement with CKS's commitment to the cinema market that best quality meet cinema sound requirement. The CCS-218A is a cost-effective screen Subwoofer for cinemas with long through. The CCS-218A features 2 x 18" (457.2 mm ) Sub base driver with 5"(127mm) voice coil for exceptional low frequency (30Hz) bandwidth reproduction, vented cast aluminum chassis. The Drivers are with neodymium motor system generates minimal flux modulation and reduces third harmonic and intermodulation distortion. Aluminum core heat sink and large motor venting provides reduced power compression and effective temperature regulation.

CKS Acoustics make Installation as effortless as unfold speaker from its packing and positioning it behind the screen on table top platform. The enclosure is designed to be behind the screen and its shallow depth reduces space requirements behind the screen.

### Detail Specification

Frequency Range	30 Hz to 2kHz
Sensitivity	101.5 dB
Maximum continuous SPL	127 dB
Maximum peak SPL	133 dB
Rated Impedance	4 ohm
Power output AES / Peak	2400Watt / 9600Watt
Maximum Recommended Amplifier Power	2400 - 2600 Watts
Transducers	LF: 2 x 18" (457.2 mm) woofer, 5" voice coil
Enclosure Material	Russian Burch plywood with Water resistance paint
Input Connector	4-position barrier strip / Speakon connector
